This three-story, tilt-wall, 52,448 SF building includes administrative offices, classrooms, lab training facilities and lecture rooms.

Heritage Institute offers programs and degrees for careers as in X-Ray Medical Technician, Medical Assistant, Massage Therapist, Esthetician, Surgical Technologist, Personal Trainer, Pharmacy Technician, or Cosmetologist.

Quality was monitored daily during the construction process. The Class "A" Level 5 finishes included marble floors, 8' high oak doors with fluted casings, wood base moldings, and wood crown moldings which were installed to exacting standards.

Florida Building Code 304.1, Educational Occupancies above the 12th grade, were used in construction of this facility.

Hawkins Construction, Inc.
